

DARKBUSTER LED-5(Rechargeable Version)

Features

1. World's 1st ATEX certified, IP68 rated(100M underwater) & rechargeable lantern made in Taiwan
2. Brightest 370 lumens in its class
3. Dual O-ring mechanism

Design Concept	Pursuing best performance out of all component combination & highest cost performance ratio	
Luminous Efficacy	75 lm/W	<ol style="list-style-type: none"> 1. More light output with more power consumption is not energy saving at all. 2. More power consumption is also very likely to result in heat problem and luminous decay. 3. How many lm/W is the one you must look at instead of watts or lumens individually.
LED Source	CREE, global leading LED manufacturer in USA	<ol style="list-style-type: none"> 1. LED from unknown sources may infringe patent issues. 2. One CREE LED outperforms 50 or even 100 pieces from 2nd and 3rd-tier suppliers.
LED Qty.	1 piece	<ol style="list-style-type: none"> 1. More LED pieces do not mean more light output at all. 2. The reflector is not able to work with multi-LED mechanism and make beam more diffused. Beam distance becomes unsatisfactory as a result.
Rechargeable Battery Type	Lithium-ion	<ol style="list-style-type: none"> 1. Environment-friendly 2. No memory effect
Battery Safety	<ol style="list-style-type: none"> 1. Protection board 2. Japan PSE(circle) compliant 	To ensure: <ol style="list-style-type: none"> 1. won't blow up or catch fire when being used,

		<p>charged.</p> <p>2. compliant with UN manual 38.3 required by IATA for transportation safety</p>
IP & Depth Rating	<p>1. IP68 means top protection against both solid objects and liquids.</p> <p>2. 100M underwater sustainable indicates the enclosure is able to stand pressure of 10kg/cm²</p>	Ready for heavy-duty uses
Waterproof QC	100% before delivery	To guarantee no flooded lights
Product approvals	CE, FCC, C-TICK, EX, PSE, IP68, ROHS	Making a safe torch to use in hazardous atmospheres and challenging conditions is fundamental to us. That's why BRIGHTSTAR lights are the safest on the market.
Product Liability Insurance	YES	

Specifications

Bulb Type: CREE one-piece LED 5W

Bulb Lifetime: 50,000 hrs

Light Output: 370Lm

Battery Type: Japan PSE approved rechargeable lithium-ion

Run Time: Flash: 330 mins

Low: 240 mins

High: 150 mins

Dimensions: \varnothing 3.67cm*L15cm

Weight: 200g (excluding battery)

Ingress Protection: IP68

Depth Rating: 300ft/100m

Accessories

	18650 Li-ion Battery 2200mA	2B3009013
	O-ring Set	3B9002001
	Adapter Set (for HID series light)	3B9003011
	Goodman Glove	2B8001000(M) 2B8001001(L)
	Belt Holster	2B8000021
	Helmet Clip for MSA Gallet	2B2032002

Packing

GIFT BOX Weight : 500g

240mm
42mm
150mm

12 BOXES IN 1 SMALL CARTON
2 SMALL CARTON IN 1 LARGE CARTON
